It is a resource or tool that can be used to help people deal with life's battles, struggles and victories. Throughout life we face many challenges. Some good and some complicated. The formula is a resource that people can carry wherever they go and reference it to identify solutions and gain strength to handle any situation that they may encounter. Truly the formula is The Handbook For Life. Michael D. Wilson was born in Washington, D.C. He received a computer science degree from Bowie State University. Michael currently works as a computer systems architect. God gave Michael the gift to write. He also gave him the knowledge to know and the wisdom to understand and he is now sharing this with the world within the text of The Formula. Michael thanks his daughter Tamia Wilson for inspiring and motivating him to write The Formula. Thanks, Mia Mia.
