Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from A Statement of the Condition and Wants of the Public School Department of San Francisco Tax payers and patrons who support our Public Schools, and those to whom we look, and from whom we ask assistance, have a right to an account of our stewardship; and this is the more freely given at the present time, since it is believed that a good cause can but gain the confidence and good will of our intelligent community, the more its affairs are candidly and honestly discussed. Open criticism and honest examination, can do no harm at any time. Competition, or even opposition, is preferable to stolid indifference. Our department has nothing to fear, but much to hope for, from an investigation of its affairs. Such, it courts rather than avoids. Since the organization of the City Government, we believe no department of its administration can, as a whole, present a better record than that department which has had the responsible trust and management of its Public Schools. Other School Trustees and Boards of Education, have, as a rule, been selected from our oldest and very best citizens, (see Exhibit A, appended) and they have generally conducted our school affairs economically and wisely. We do not, of course, deny that there may have been exceptions to this, as there are to all human rules. But if San Francisco has ever had, or still has anything within her borders to which she has especially looked, and may now point with just pride, undeniably, it has been, and is still, her system of Public Schools.
