Pursuant to a congressional request, GAO determined whether the Social Security Administration (SSA) is making erroneous supplemental security income (SSI) payments to prisoners in county and local jail systems. GAO found that: (1) a total of 5 million has been erroneously paid to prisoners in local and county jail systems; (2) these erroneous payments are the result of SSA field offices inability to obtain prisoner information on a regular basis, SSI recipients failure to report their incarceration, and SSA inability to verify recipients eligibility for SSI; (3) the Commissioner of Social Security has sent draft legislation to Congress that would authorize payment to each correctional facility reporting newly admitted SSI beneficiaries; (4) erroneous payments to individual prisoners range from 100 to more than 17, 000; (5) 136 prisoners have received more than 5, 000 in erroneous SSI payments and 19 prisoners have received more than 10, 000 in erroneous SSI payments; and (6) SSA is requesting its field offices to obtain prisoner information from both county and local jail systems and emphasizing the importance of monitoring field offices compliance with this procedure.
