*It becomes an amazing ebook that we have possibly read through. It is really simplified but surprises within the 50 % from the ebook. You can expect to like how the blogger compose this book.

SONGSTRUCK (PAPERBACK)

Createspace Independent Publishing Platform, United States, 2015. Paperback. Book Condition: New. 203 x 133 mm. Language: English . Brand New Book ***** Print on Demand *****.Isabel Poole is a wonderful storyteller. So wonderful, in fact, that her audiences tend to believe that the fairytales she tells are true. They aren't, of course, because magic isn't real. That's what Isabel tells herself, until the day she's proven wrong. On what should have been an entirely normal, entirely dull day, a strange melody fills the air and captures Isabel's attention. Leaving her home behind, she follows the song into the forest and finds its source: fae twins, intent on spiriting her away. They need her-or rather, the spark of magic inside of her-to help them end a war that is tearing their world apart. A wise person would refuse. A wise person would run home and forget about the fae and their war and their magic. A wise person never would have followed the music into the forest to begin with. Isabel never claimed to be wise.
