HOLOGRAM (PAPERBACK)

Createspace, United States, 2014. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book. There is a growing concept within the scientific community that the World we live in is a hologram . Many scientists are seriously considering the possibility that the entire Universe was designed by a computer program, suggested in 1967 by Konrad Zuse, who built the World's first computer between 1935 and 1941. His Calculating Space discusses a lone computer computing all...
